© Child Care Aware of Missouri 2023

*Child Care Aware® of Missouri works in partnership with the Department of Elementary and Secondary Education - Office of Childhood to compile data on child care programs. Child Care Aware® of Missouri tracks data on licensed child care, early learning, and after-school programs across the state, as well as early learning and after-school programs that opt-in to regulations or listing for referrals to families. Therefore, Child Care Aware® of Missouri recognizes that there is a group of child care, early learning, and after-school programs that are not captured in these totals because they are not required to provide information about themselves to any authority. Child care facilities operated by religious organizations and (facilities that serve each child for no more than four hours a day) are required by statute to be inspected but are exempt from licensure. Family child care homes that serve six or fewer children and child care provided by public or private K-12 education are some examples that are not subject to regulation.*

**NOTE: This data analysis is intended ONLY for the individual(s) and organization(s) that requested it. Please do not disseminate or distribute.**
